### Handover of the company executive of Aichele Medico AG

Dear Business Partner

After 37 years at Aichele Medico AG, including 21 years as Managing Director, the time has come for me to hand over the company management to new hands. It fills me with pride and joy to look back on the development and success of the company to which I have been able to contribute.

It gives me great pleasure to introduce my successor, Mr. Mirco Knedel, to you today. Mirco Knedel is an experienced expert in the medical technology sector and is already known to many of you from his work as Sales Manager at Gribi AG Belp. He took over the management on 01.03.2025 and will lead Aichele Medico AG into a successful future together with the proven team.

I am especially pleased that we have found a successor from within the ranks of ASKER Healthcare Switzerland. Mirco Knedel has everything it takes to successfully continue the company.

Over the next few months, I will be at Mirco Knedel's side in an advisory capacity to ensure a smooth transition. I would like to thank you for the trust you have placed in me and Aichele Medico AG over the years, and I would ask you to place the same trust in Mirco Knedel.

It has always been a great pleasure to work with you. I look back with pride on our joint successes and am confident that Aichele Medico AG will continue to be successful under the new management. I wish you all the best for the future and look forward to continuing to follow the company's development.

With best regards

Charles Klossner

Mirco Knedel
